EDUCATION

Columbia University <i>Bachelor of Arts in Astrophysics with a Minor in Mathematical Probability</i>	New York, NY <i>Jan 2024 – May 2026</i>
- Cumulative GPA: 3.32/4.0; Major GPA: 3.06/4.0 - Dean's List (Spring 2024, Summer 2024), OSF Scholarship Recipient (2024-2025), STAR Scholar (Summer 2024), Prof Lloyd Mertz Scholarship Recipient (2025-2026) - Coursework: Linear Algebra, Classical Mechanics, ODEs, E&M, PHYS III: Waves, Intermediate Lab (Vacuum and Radiation Systems), Probability for Engineers, Quantum Physics, Thermal & Statistical Physics, Waves & Optics, OOM Astrophysics	
Austin Community College <i>Associate of Arts in Economics</i> <i>Associate of Science in Physics</i>	Austin, TX <i>Aug 2021 – May 2023</i>
- Cumulative GPA: 3.93/4.0; Major GPA 3.93/4.0 - ACC Honors Scholar, Scholastic Excellence, PTK Honors Society Bronze Member - Coursework: Honors Computational Physics 1 & 2, Calculus 1-3, Macro and Micro Economics	
University of Texas at Austin <i>Youth & Communities Studies Fellowship</i>	Austin, TX <i>Jan 2023 – May 2023</i>
Certificate of completion	
University of Colorado, Denver <i>Undergraduate Studies</i>	Denver, CO <i>Jan 2020 – May 2020</i>
Covid "May Semester"	
University of Colorado, Colorado Springs <i>Undergraduate Studies</i>	Colorado Springs, CO <i>Aug 2019 – Dec 2020</i>
- Student Government Senator - Honors Program	
Sandra Day O'Connor High School <i>High School Diploma</i>	San Antonio, TX <i>Aug 2015 - May 2019</i>
- FFA - Football & Track - NHS	

WORK EXPERIENCE

Amplify Endowment Management <i>Data & Research Analyst</i>	New York, NY <i>Mar 2026 – Aug 2026</i>
- Built and operated AI-assisted Python pipelines to parse 2.5 million IRS Form 990 filings and identify and enrich 2,000 potential nonprofit prospects. - Built the pipelines primarily through iterative prompting; manually reviewed outputs, described errors, directed fixes, and turned results into usable prospect research. - Developed RFP monitoring system with keyword scoring - Provided marketing consultation and worked directly with firm principals on business development strategy	
Japanese Community Youth Council (JCYC) <i>Summer Instructor</i>	San Francisco, CA <i>Summer 2025 & 2026</i>
- Taught three 55-minute classes per week across an 8-week intensive summer program, serving 6-25 students per class - Designed and delivered curricula for whole classes of up to 25 students across Calculus, Physics, Chemistry, and Algebra II - Adapted instruction for varied student needs, including one-on-one support for special education students.	

- Received positive evaluations from 85% of students; invited to return for a second Summer
- Served underprivileged youth from SFUSD's most under-resourced and diverse campuses

Independent Tutor

Multiple Locations

June 2019 – Present

- Provided ongoing one-on-one tutoring across STEM subjects and English/reading comprehension to elementary, middle, high school, and college-level students over 5+ years
- Supported test prep for standardized exams including SAT, ACT, and state assessments
- Developed customized lesson plans tailored to individual student needs and learning styles
- Supported college students in introductory and upper-division Physics coursework
- Maintained long-term client relationships with repeat families across Austin, New York, San Francisco, and San Antonio

Columbia University Astrophysics Laboratory

New York, NY

Student Researcher

May 2025 – Jan 2026

- Conducted preliminary research assessing baryonic correction models (BCM) applied to cosmological simulations
- Adapted and debugged existing scientific Python workflows for IllustrisTNG simulation analysis across local and high-performance computing environments
- Awarded Columbia's RISE Scholarship to conduct research over the Summer of 2025

The Bridge Golf Foundation

New York, NY

STEM Tutor

Aug 2024 – Sep 2025

- Delivered in-person and virtual tutoring sessions after school to prepare underserved NYC youth for standardized testing including Regents subject exams and college readiness exams SAT and ACT.
- Provided one-on-one instruction across Physics, Chemistry, Calculus, Algebra I & II, Pre-Calculus, and Geometry.
- Authored daily reports for the program director documenting student attendance, academic progress, and behavior across all tutoring sessions

College Connected

Austin, TX

Partner, Lead Mentor

Aug 2023 – Jan 2025

- Joined as a founding team member of a collegiate advisory startup; designed year-based program tracks for high school students and community college transfer applicants
- Trained and led a team of ~10 mentors to deliver hands-on college counseling to students and parents
- Worked with 15+ student-parent pairs on a weekly basis to develop and execute individualized college roadmaps
- Built lead generation infrastructure using Instagram ad campaigns, growing the client pipeline from launch

Austin Community College District

Austin, TX

Student Technology Advocate

Sep 2023 – Jan 2024

- Produced and recorded video tutorials on essential ACC platforms (Blackboard, Panopto, etc.) and their functions accessible to the full student body
- Identified gaps in student digital literacy, pitched solutions to management and delivered solutions via an in-person lecture series.

Dell Technologies

Austin, TX

AI Marketing Intern

Jun 2023 – Aug 2023

- Researched and benchmarked emerging AI writing tools (Claude, ChatGPT, LLaMa) for long-form marketing content production
- Advocated internally for air-gapped, enterprise-hosted AI deployments to protect proprietary data
- Presented findings and recommendations to unit leaders, VPs and executives

Google Fiber via Nelson Connects

Austin, TX

Sales Representative

Dec 2022 – Jun 2023

- Canvassed ~100 doors per day in Austin's Summer heat, conducting direct door-to-door residential sales for Google Fiber
- Averaged approximately one new subscriber per day, consistently met or exceeded weekly quota targets
- Developed resilience and strong cold-outreach communication skills in a high-volume, performance-driven environment

REI CO-OP

Austin, TX

Retail Sales Associate

Oct 2022 – Jan 2023

- Advised customers on outdoor gear selection across climbing, camping, and hiking categories using an extensive personal experience

- Contributed to a collaborative sales floor team; maintained product knowledge and merchandising standards - Maintained floor cleanliness and product organization; restocked apparel and gear inventory and assisted customers with outfitting	
Tesla Inc. Commercial Solar Installer	Austin, TX Dec 2021 – Jul 2022
- Installed commercial-scale solar arrays atop the Austin Gigafactory roof that spell out “TESLA” - Ran and terminated wiring to code under the supervision of a licensed master electrician - Operated in physically demanding outdoor conditions, working at height with strict OSHA safety protocols	
Sonic Back of House Crew Member	San Antonio, TX Jan 2019 – Aug 2019
- Maintained food prep standards, cleanliness, and efficient service during high-volume shifts - Handled cash transactions and ensured accurate order fulfillment	
LifeTime Fitness Cafe Staff	San Antonio, TX Jan 2018 – Aug 2018
Prepared food and beverages; managed point-of-sale transactions and maintained health and sanitation standards	
Brookstone Retail Sales Associate	San Antonio, TX Sep 2017 – Jan 2018
- Demonstrated and sold specialty consumer electronics and lifestyle products - Handled cash and card transactions - Sold big ticket items such as massage chairs	
Whataburger Back of House Crew Member	San Antonio, TX Oct 2016 – Aug 2017
- Prepared food orders to standard in a fast-paced kitchen environment - Upheld food safety and cleanliness protocols - Operated the kitchen at the busiest Whataburger within San Antonio	

EXTRACURRICULARS

Columbia University Rock Climbing Club Competitor, Driver	New York, NY Jan 2024 – May 2026
2026 USA Climbing Collegiate National Championship Qualifier 4th place, 2026 USA Climbing Collegiate Northeastern CNQE – Men's Top Rope - Served as the team's trusted driver for competition travel	
The Phoenix Volunteer	Multiple Locations Dec 2021 - Apr 2025
- Facilitated climbing sessions for community members in recovery, promoting physical wellness and peer connection - Assisted with event logistics and program delivery for a sober-active community organization	
Habitat for Humanity ReStore Volunteer	Austin, TX Jun 2021 – Jan 2024
- Assisted store managers with sales floor operations and customer service - Received, sorted, and priced donated building materials and household goods - Provided general labor in support of ReStore operations and inventory management	

HONORS & AWARDS

- Dean's List, Columbia University (Spring 2024, Summer 2024)
- OSF Scholarship Recipient (2024–2025)
- Prof. Lloyd Mertz Scholarship Recipient (2025–2026)
- STAR Scholar, Columbia University (Summer 2024)
- RISE Scholarship Award Recipient, Columbia University (Summer 2025)
- ACC Honors Scholar
- Scholastic Excellence Award, Austin Community College

-
- PTK Honors Society Bronze Member
 - USA Climbing Collegiate National Championship Qualifier (2026)
 - 4th Place, USA Climbing Collegiate Northeastern CNQE Men's Top Rope (2026)

PROJECTS

Résumé Forge | React, TypeScript, Supabase, Claude API, Vercel

May 2026 - Present

- Built and shipped a full-stack résumé and application app through iterative prompting across multiple LLMs.
- Defined the product: one reusable accomplishment bank that generates tailored résumés instead of a folder of near-duplicate documents.
- Directed the AI-assisted build across three Git branches: specified features, diagnosed failures, prompted fixes, reviewed results, and decided what shipped.
- Specified human-review controls for adjustable honesty, editable recommendations, per-bullet keep/remove, original-text recovery, and undo.
- Specified and tested an application tracker with six statuses, saved résumé/cover-letter/JD snapshots, list and Kanban views, and JSON backup and restore.
- Manually tested CV parsing, job matching, reordering, PDF/DOCX export, application tracking, and generated voice and factual accuracy.

Car Repair | Hand & Power Tools

2015 - Present

- 2017 Mazda CX-5
 - Fuse replacement
- 2007 Toyota Corolla
 - Front knuckle assembly replacement
 - Wheel bearing replacement
 - Disc brake pads replacement
- 2012 Hyundai Accent
 - Control arm replacement
 - Oil change
 - Wiper replacements
- 1972 Chevrolet Camaro
 - Carburetor rebuild
 - Sway bar replacement
 - Disc brake replacement

3D Printer Inventory & Repair | Electronics, Soldering, 3D Printing

Jun 2026 - Present

- Inventorying and documenting a six-printer repair lot; completed initial network and print-function testing on one QIDI printer.

WiiFit Balance Board Force Plate Concept | Electronics

May 2026 - Present

- Conceptualized a low-cost force-plate adaptation using a WiiFit Balance Board for possible use in JCYC STEM instruction.

Process Notebook | Next.js, React, TypeScript, Supabase

Jan 2026 - Present

- Built an advanced pilot-stage full-stack learning app through iterative prompting across multiple LLMs.
- Defined core workflows: PDF and stylus input, process replay, teacher feedback, export, and preservation of student reasoning and revisions.
- Iteratively described errors, prompted fixes, reviewed results, and refined the interface and workflow design.
- Wrote roadmaps, workflows, acceptance criteria, and scope boundaries; directed AI-assisted development across 63 commits and 10 tagged milestones.
- Manually tested student and teacher workflows across replay, screenshots, and PDF exports; caught rendering inconsistencies and an unapplied database migration.
- Defined responsible-AI guardrails: teacher-triggered recognition, transparent AI logs, and no automatic grading, ranking, or misconduct scoring; the build passes 300 Vitest tests, linting, type checks, and production builds.

ADDITIONAL INFORMATION

Skills: Intermediate Spanish, Native English, Hand & Power Tools

Computer: Excel, Word, Google Docs, Sheets, Python, ChatGPT, Claude, Linux Terminal

Certifications: Wilderness First Responder (WFR), CPR/First Aid, OSHA 30, CDSS Child Abuse & Neglect Mandated Reporter

Interests: Rock Climbing, Backpacking, Robotics & Hardware Systems, Art History
